503 - UNIVERSAL STEEL VAULT BOX LID

SPECIFICATIONS

The 503 Universal Steel Vault Box Lid is designed to fit over all styles of vault boxes. These lids are manufactured from 1/8 in. steel flooring plate with a medium raised lug pattern to prevent slips. These lids lay over the top of the box and there for will not sit flush with the runway when in use. Lids are finished on both sides with durable white powder coat paint.

503 Universal Steel Vault Box Lid is pictured with the 500 Steel Vault Box which is purchased separately
